**BENEFITS OF MASABA**

Built with top-notch materials and craftsmanship, our feeders are designed to be the toughest and most durable available on the market. Constructed with 1/4” steel, the hopper (1) is built to stand up to the rugged quarry environment. The 36” Belt Feeder (2) lives up to Masaba’s reputation of toughness and efficiency. This completely portable unit is built on the strongest chassis in the industry. The Wide Flange Beam Chassis (3) provides the most reliable base for your feeder allowing for hassle-free towing, placing, and operation.

**Travel Dimensions**

28’4 13/16” l x 9’4 9/16” w x 13’1/8” h
