BENEFITS OF MASABA

Kolman, established in 1944 and now a division of Masaba, has gained a reputation as a leader in vibrating screens. Kolman Screens offer top-of-the-line performance and efficiency and are versatile for many material applications. Heavy Duty Steel Frames (1) built with the best welds in the industry allow Kolman Screens to live up to Masaba's tough standards. Adjustable Flywheel Weights (2) allow you to custom tune the vibration of your Kolman Screen.

Kolman 4'x8' Single Deck Screen with 18 degree Inclined Stand

REVISION December 2013

NOTE: SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE: Because MASABA, Inc. may use in its catalog & literature, field photographs of its products which may have been modified by the owners, products furnished by MASABA, Inc. may not necessarily be as illustrated therein. Also continuous design progress makes it necessary that specifications be subject to change without notice. All sales of the products of MASABA, Inc. are subject to the provisions of its standard warranty. MASABA, Inc. does not warrant or represent that its products meet any federal, state, or local statutes, codes, ordinances, rules, standards or other regulations, including OSHA and MSHA, covering safety pollution, electrical, wiring, etc. Compliance with these statutes and regulations is the responsibility of the user and will be dependent upon the area and the use to which the product is put by the user. In some photographs, guards may have been removed for illustrative purposes only. This equipment should not be operated without all guards attached in their normal position. Placement of guards and other safety equipment is often dependent upon the area and the use to which the product is put. A safety study should be made by the user of the application, and, if required, additional guards, warning signs and other safety devices should be installed by the user, wherever appropriate before operating the products.
