

MASABA

ENGINEERED DRIVE SYSTEM WITH STAND

Designed for exceptional strength and maximum efficiency, Masaba's custom-engineered drive systems are made specifically to your specifications.

Each Masaba system comes pre-assembled and features the most reliable, rugged components, including a Masaba tough-built head drive stand, WEG motors, Dodge reducers and bearings, and Precision pulleys. Other component options are available upon request.

The Masaba custom system reduces installation time, saving you money on labor and assembly costs while greatly reducing downtime.

NOTE: SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE: Because Masaba, Inc. may use in its catalog & literature, field photographs of its products which may have been modified by the owners, products furnished by Masaba, Inc. may not necessarily be as illustrated therein. Also continuous design progress makes it necessary that specifications be subject to change without notice. All sales of the products of Masaba, Inc. are subject to the provisions of its standard warranty. Masaba, Inc. does not warrant or represent that its products meet any federal, state or local statutes, codes, ordinances, rules, standards or other regulations, including OSHA and MSHA, covering safety pollution, electrical, wiring, etc. Compliance with these statutes and regulations is the responsibility of the user and will be dependent upon the areas and the use to which the product is put by the user. In some photographs, guards may have been removed for illustrative purposes only. This equipment should not be operated without all guards attached in their normal position. Placement of guards and safety equipment is often dependent upon the area and the use to which the product is put. A safety study should be made by the user of the application, and, if required, additional guards, warning signs and other safety devices should be installed by the user, wherever appropriate before operating the products.
